Applicant's Responsibilities:

1. Cost of installing or repairing the service line from the water main to the building, plumbing, including excavation, and any permits required (i.e. Road opening etc.), tapping main;

2. New Service installations are the responsibility of the owner/developer. The District requires that all new services be inspected by Wiscasset Water District. The inspection will include the connection to the main prior to backfilling; the service entrance and valve arrangement; the backflow device location and installation.

An inspection fee of \$55.00 an hour will be assessed as part of the new service agreement.

3. Cost of backflow devices and installation, if needed;

4. Repair of any leaking valves by the meter;

5. Repair/replace any frozen or broken meters;

6. To read and comply with the Wiscasset Water District's terms and conditions; and

7. To complete and sign application of service.

The undersigned party(ies) hereby contracts to take and use metered water service, under the Policies and Procedures, and Terms and Conditions, of the Wiscasset Water District now in force or which may hereafter be ordered or approved by the Maine Public Utilities Commission (PUC). The undersigned further agrees to be fully responsible for all payments approved by the Maine PUC. Payments for such service shall be paid by the undersigned until service is terminated by the applicant or by the District.

The signer agrees that all the information provided on this document is accurate and truthful. Failure to provide accurate information or the intentional falsification of information may result in denial of water service and/or referral to the appropriate law enforcement agency.
